Orkney Ferries Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

2. **ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

**Turnover**

Turnover represents amounts receivable for services, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 25% on cost and 10% on cost

**Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Hire purchase and leasing commitments**

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

**2. ACCOUNTING POLICIES - continued**

**Pension costs and other post-retirement benefits**

The company employees are eligible to join a defined benefit local government pension scheme. Contributions payable to this scheme are charged to the profit and loss account over the working lives of the members of the scheme. The contributions are determined by a qualified actuary on the basis of triennial valuations. These contributions are invested separately from the company's assets.

Payments in respect of other post-retirement benefits are charged to profit or loss in the period to which they relate.

**Government grants**

Government grants received are treated as deferred credits and credited to the profit and loss account over the estimated useful life of the relevant fixed assets. Other grants of a revenue nature are credited to the profit and loss account in the year to which they relate.

**Going concern**

These financial statements have been prepared on a going concern basis.

The company receives funding from Orkney Islands Council under a service level agreement to provide the lifeline ferry services for the North and South Isles of Orkney. The directors consider that the company will be able to continue to operate with the available funding over the next twelve months. On this basis, the directors consider it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from the withdrawal of funding from Orkney Islands Council.
